

SOLIS Ice Cube Express

Ice in different sizes for chilled drinks and much more.

Type 8510

SINCE 1908

Solis

Two Different Sizes

Ice Cube Express can make ice cubes in different sizes.

10 Minutes For Ice

Ice Cube Express is fast. You'll hear your first ice cubes drop in less than 10 minutes.

Quick Relief

Do you need fast ice for the cool bag to relieve small accidents, like sprains? No problem.

Production Performance

Ice, how and when you want it! 8 ice cubes (approx. 70 g) per run and up to 12 kg of ice every 24 hours.

Space Conscious

Ultra-compact. Takes up very little space, either in your kitchen or your party room.

Easy To Use

Simply top up with up to 1 L of water and press the button.
