

# SOLIS AirVolution 280SE

Type 3809

The AirVolution 280SE is reduced to the essentials and yet offers everything you would expect from a high-end hair dryer.

## Smart monitoring

A smart sensor actively monitors the temperature 40 times per second, maintaining a constant and stable heat for best drying performance.

## High-performance negative ion generator

The integrated ion generator dries your hair faster, giving you wonderfully smooth and shiny results.

## Bright coloured LEDs

No frills: The bright, coloured LEDs provide information about temperature and air speed settings at a glance.

## High drying performance

With up to 110,000 revolutions / minute, a strong air flow is generated with a speed of up to 66 m/s.

## Light as a feather

The hairdryer weighs just 300 g and thus prevents fatigue.

## Hot/cold automatic styling function

Promotes longer-lasting styles, enhanced shine, and reduced heat damage for healthier hair.
