SOLIS AirVolution 630 Pro

Type 3806

AirVolution 630 Pro offers everything that a professional hairdryer needs: An extra-long cable, a cold air button and a range of temperature and fan speeds and ion technology.

Smart monitoring

A smart sensor actively monitors the temperature 40 times per second, maintaining a constant and stable heat for best drying performance.

High-performance negative ion generator

The integrated ion generator dries your hair faster, giving you wonderfully smooth and shiny results.

Ultra-bright LED display

The brightly lit display provides information on temperature and air speed at a glance.

High drying performance

With up to 110,000 revolutions / minute, a strong air flow is generated with a speed of up to 66 m/s.

Light as a feather

The hairdryer weighs just 365 g and thus prevents fatigue.

Dedicated cold air button

For gentle styling that locks the hairstyle in place.

Features

- + Temperature and air speed display
- + Memory for last selected settings
- + 4 air speed levels
- + 4 temperature levels (45°C / 65°C / 85°C / 105°C)
- + Self-cleaning function
