

SOLIS StyleVolution Flex

Type 3200

Flexible styling for any hair type – precise control, consistent heat and smooth results.

Temperature Control for Any Hair Type

5 temperature settings from 150 °C to 230 °C allow accurate adjustment for fine, normal or thick hair.

Fast Heat-Up

Ready to use in 20–40 seconds. Intelligent temperature technology ensures uniform and constant heat during styling.

Floating Ceramic-Coated Plates

Floating aluminum plates with ceramic coating (2.4 x 11 cm) adapt evenly to the hair for smooth styling with reduced heat stress.

Integrated Negative Ion Function

Negative ion technology helps reduce static, enhance shine and leave hair looking smooth and healthy.

Lightweight & Compact Design

Small, lightweight design ensures comfortable handling and easy styling, even during longer use.

Travel-Friendly with Safety Features

Includes a travel pouch, worldwide voltage compatibility (110–240 V) and automatic shut-off after 30 minutes for added safety.
