

SOLIS Tea Kettle Automatic

Type 5518

Kettle and tea maker in one with automated tea basket, programmable infusion time and temperature settings for best results.

For different types of tea

Select a preset programme or set a preferred brewing time (0.5 - 10 minutes) and temperature (40 °C - 100 °C).

Integrated tea strainer

The tea basket lowers and rises automatically. This prevents the tea from being steeped for too long.

Removable limescale filter

The limescale filter, which can be easily removed for cleaning, removes particles in tea or water.

Keep-warm function

The warming function keeps the water at the desired temperature for up to 60 minutes.

Capacity of 1.7 litres

You can boil up to 1.7 litres of water or brew up to 1 litre of tea at a time.

Timer function

Set the timer and the tea kettle will start at the indicated time.

Specifications

Article no.:	962.01
Material:	Glass / stainless steel / plastic
Output:	1,850 – 2,200 W
Weight:	1.8 kg
Dimensions:	17 x 22 x 29 cm (w x d x h)
EAN:	7611210962014
